11:00 – 11:15  Break

11:15 – 12:15  Birds of a Feather Conversations, Various locations (see below)
In groupings of “like positions”, we ask you to have a conversation about the following points listed below. One speaker has been associated with each group and is available to point you to additional best practices and resources or to further prompt discussion among the group.

• What are the greatest challenges in our institutional roles related to mental health and wellness issues?
• What resources (programs, people, other) are available for institutions to address these challenges?
• What are the greatest opportunities in our institutional roles to contribute to the work on these issues?
• Based on information in the institutional inventories, would you like to ask for more information or clarification from someone at another institution?
• What advice might you seek from the “expert consultant” with you?

Please ask one member of your group to serve as scribe, so that we may have a record of key ideas generated in the conversations. Take the last 5 minutes to note on a flip chart page 2-3 of the most important ideas/actions touched upon by the group; these will be displayed for everyone over lunch.
Please bring information and ideas from your own notes of these conversations back to your campus team as you work together to develop a campus plan and action steps. The colors below correspond to the dot on the back of your name badge, indicating your assigned group.

10:00 – 11:10 Campus Team Meetings, Various locations (see below)

Please prepare a single flip chart page, giving your campus name and a report out focusing on the following two items:

- What are your campus team’s “top 2-3 take-aways” that will become part of your action plan when you return to campus?
- What is an opportunity for consortial collaboration that your campus team identified that might be mutually beneficial to all?

Albion – Michigan V (side 1)
Allegheny – Michigan IV (side 1)
Antioch – Michigan III (side 1)
Denison – Michigan I (corner 1)
DePauw – Michigan V (side 2)
Hope – Michigan IV (side 2)
Kalamazoo – Foyer area (side 2)
11:15 – 11:45  **A Touring Report Out, Michigan I**
Each campus should report out using a single flip chart page from your campus team meeting on the two items noted above. Take this final opportunity to learn from and share with each other by circulating around the room and viewing the reports from each campus team. Please have one or two team members remain with your flip chart (and have one or two others swap out with them half way through) so that you can answer questions on your report or hear comments from other participants on your report. Participants are encouraged to add comments or suggestions to the team report using small post-it notes.

11:45 – 12:00  **Wrap Up and Evaluations, Michigan I**
